

## **Resolution for the Premier's Transport Summit 5 September 2008**

That this protest meeting, comprising community representatives from across Melbourne and facilitated by the Royal Park Protection Group Inc. (RPPG) and the Yarra Campaign against the tunnel (Ycat), resolve to request the Transport Summit and the State Government NOT to endorse Sir Rod Eddington's proposals for road tunnels.

We demand that the nominal \$9 billion allocated for the East West Link be invested instead in infrastructure for improved and expanded public transport and rail freight in Victoria. We ask that this include rapid transit rail to Doncaster along the Eastern Freeway.
