

Say NO to the east-west tunnel

Say YES to more public transport to tackle climate change!

Join the Yarra Campaign Against the Tunnel (YCAT)

YCAT is a community campaign that has been launched to stop the proposed tunnel linking the Eastern Freeway to Melbourne's west.

In times of rising petrol prices and concerns about climate change, it is absurd that the State Labor Government is prepared to spend over \$9 billion building a tunnel. This tunnel will only serve the interests of big business and will not help ease Melbourne's traffic congestion.

We believe that much more could be done to improve public transport in Melbourne with a fraction of the costs of a tunnel. Solutions like expanding the current rail and tram lines and expanding the bus system should be a priority.

Investing in public transport is not only better for the environment but it creates more jobs. We need to make sure that all of Melbourne's suburbs have access to regular public transport especially in the outer areas.

If you are opposed to the State Government putting the interests of the road lobby over the interests of residents and the environment join YCAT!

What you can do!

Rally against the tunnel!

1pm Sunday July 27, 2008 at Smiths Reserve
Alexander Pde Fitzroy, (next to Fitzroy Pool)

MCs Corinne Grant & Rod Quantock

Plus food, music and speakers

This will be a kid friendly event!

Attend the YCAT fundraising gig

A night of dub, ska and hip hop \$10
8pm August 8, 2008 at the Laundry 50 Johnston St Fitzroy
